

PROJECT DESCRIPTION

Lessons Learned

This project addresses how to identify the discussion points of a large group meeting, encourage a culture of contribution and voicing opinions, and facilitate productive discussion that yields results.

Purpose: The purpose of this project is to learn about and apply the skills needed to run a lessons learned meeting during a project or after its completion.

Overview: Facilitate a lessons learned meeting for a team with which you are completing or have completed a project. This meeting is separate from your regular Toastmasters meeting. Organize and facilitate a discussion. Record the results into a document you and your team members can use to facilitate the current project or future projects. If you haven't already, give team members an opportunity to complete a 360° evaluation of you as a team leader. (Use the 360° Evaluation resource.) Finally, present a 5- to 7-minute speech in your club about the lessons learned meeting or your leadership experience.

This project includes:

- Facilitating a lessons learned meeting
- Documenting the results of the lessons learned meeting
- The 360° Evaluation resource
- The Lessons Learned Response Log
- The Metrics Log
- A 5- to 7-minute speech
